

Kathy Lewek – CSE/CPSE Chair/Medicaid Coordinator

District-wide

Kathy Lewek has served the students and families of Scotia-Glenville for the past 10 years. She began in 2012-2013 as a Committee on Special Education chairperson at Glendaal, and then this role expanded to the Committee on Preschool Education (CPSE). In her tenure in Scotia, Kathy was also the Program Coordinator for the Extended School Year program. She currently serves as the Medicaid coordinator for the district in addition to chairing preschool meetings and working with families at Mekeel, Scotia's nonpublic school.

Kathy started her career at HFM BOCES in a skills development class where she taught both middle and high school students. After five years at BOCES, she took a position at Wildwood where she spent the next 23 years as a special education teacher and then an administrator for curriculum and instruction. Here, Kathy also served as a coordinator and trainer for the New York State Alternate Assessment as well as program coordinator for Wildwood's Extended School Year program. At one point, Kathy was also a summer special education teacher at Tryon Division for Youth.

As an administrator, Kathy conducted training in the Danielson rubric and helped to develop a teacher evaluation form specific to Wildwood and their student population. She also had a private consulting business from 2012 to 2014 and supported districts with IEP writing and development as well as providing teacher evaluation training to the Center for Disability Services.

Kathy is well known and highly regarded in the field of special education. As she transitions to retirement, Kathy will be spending her days with family, her beloved grandchildren, and focusing on her Pampered Chef business. Thank you, Kathy, for your dedication and passion to the students and families you have so graciously served.
