# Finding the Care You Need

## Start With Your Doctor

In a non-emergency situation, it's important to start with your primary care doctor. He or she knows your health status best and can treat many health issues.

When choosing a new primary care doctor, consider one who participates in the CDPHP Enhanced Primary Care program. These doctors have proven that they can lower costs while providing better, more comprehensive care. Look for the Enhanced Primary Care icon when searching on Find-A-Doc. 

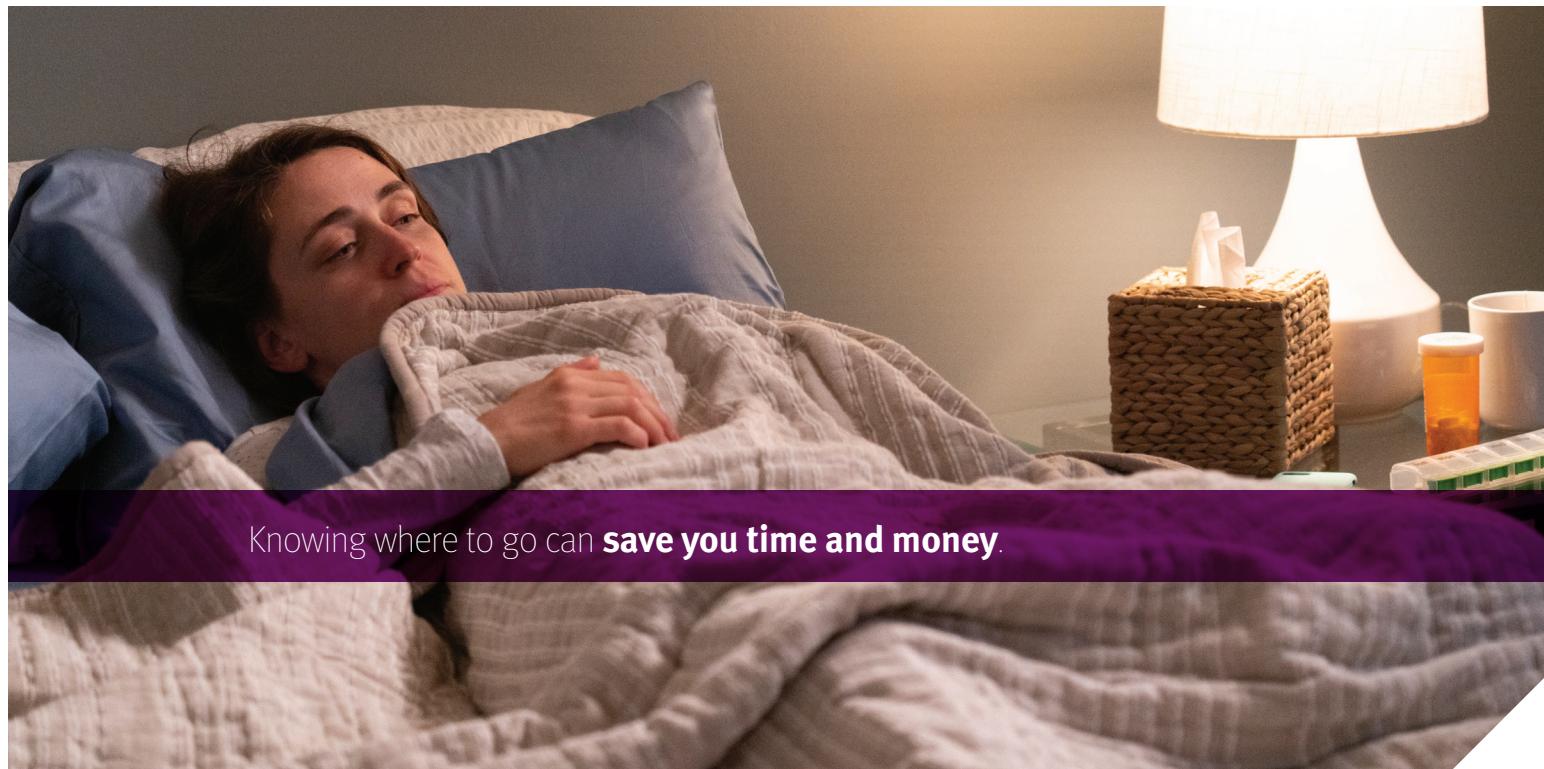

## Try Doctor On Demand®

Visit the doctor from the comfort of home through your mobile device or computer. Doctor On Demand treats many medical and mental health conditions and is available 24/7. Learn more at [www.cdphp.com/DOD](http://www.cdphp.com/DOD).

## Urgent Care Before ER

If your doctor isn't available, visit an urgent care location before going to the ER. Urgent care has short wait times and is more economical. **In fact, visits to the ER are generally not covered for non-emergency services.**

# Ongoing Support

## CDPHP Customer Connect<sup>SM</sup>

Meet face to face with a CDPHP representative to get answers to your claims and benefit questions, request ID cards, enroll, and more. Please visit [www.cdphp.com/customerconnect](http://www.cdphp.com/customerconnect) for hours and additional information.

## Diabetes Resources

Prevent or manage diabetes with no-cost apps, programs, and support. To learn more, visit [www.cdphp.com/diabetes](http://www.cdphp.com/diabetes).

# Combining Quality and Convenience

## Comprehensive coverage, wherever you go

With the exclusive provider organization (EPO), you get comprehensive coverage and a wide range of choices. As long as you seek care within the national network, you pay only a fixed copayment and a deductible (if any), or coinsurance per visit, with no referrals, and no surprises.

To locate a doctor, visit [findadoc.cdphp.com](http://findadoc.cdphp.com).

## IF YOUR PLAN HAS A DEDUCTIBLE

A deductible is the amount you pay for covered health care services before your insurer begins paying. If your cost exceeds that amount, your plan will cover the remainder, or a percentage of it. Refer to your member contract for specific deductible information for your plan.

## PLUS:

- ▶ Travel out of the service area and CDPHP covers you worldwide for emergency care.
- ▶ The EPO includes coverage virtually anywhere in the nation.
- ▶ No specialist referral paperwork required.
- ▶ Single-source referral phone line (**1-888-94-CDPHP**) directs you to the program that best fits your needs.

## Have a question?

Call member services at the number on your ID card any weekday between 8 a.m. and 8 p.m.

You also have access to your benefit information online, any time, by logging in to [www.cdphp.com](http://www.cdphp.com).

# Five things you should know as you get started with CDPHP®

**1**

You do not need to designate a primary care physician or seek a referral before seeing a participating specialist.

**2**

All of your care must be provided within the CDPHP UBI network.

**3**

Out-of-network care is covered only in an emergency or if pre-approved by CDPHP UBI.

**4**

To find participating physicians across the nation, go to [findadoc.cdphp.com](http://findadoc.cdphp.com).

**5**

If your benefit plan calls for a deductible or percentage coinsurance, please ask your physician's office to file a claim on your behalf and bill you later for the balance you owe.

## Discrimination is Against the Law

Capital District Physicians' Health Plan, Inc. (CDPHP®) complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

# Quality Care – Anytime, Anywhere

Connect with a doctor from your phone, tablet, or computer 365 days a year, 24/7.

## A Doctor's Touch at the Touch of a Button

Through live video, meet with a board-certified doctor anytime you need. The doctor can discuss your medical and/or mental health history, review symptoms, recommend treatment, and prescribe medication if needed. So there are no surprises, at the beginning of each visit you'll be told how much you have to pay out of pocket\*. A Doctor On Demand® visit cost is comparable to what you pay when you see your doctor for a sick visit.

What's more, your primary care physician (PCP) can receive relevant notes from Doctor On Demand regarding your appointment to better coordinate your care. Check with your PCP at your next visit.

## Treatment for Hundreds of Health Conditions

Don't have time to wait at urgent care but need a doctor? Doctor On Demand physicians treat a wide variety of common medical issues, such as:

- ▶ Allergies
- ▶ Heartburn and indigestion
- ▶ Rashes
- ▶ Colds, coughs, congestion, and flu
