

**RESOLUTION OF THE BOARD OF EDUCATION  
FOR  
SCOTIA-GLENVILLE SCHOOL DISTRICT**

**September 14, 2020**

WHEREAS, in the past, hand sanitizer was treated as an over-the-counter medication that required a note from the student's doctor before the student could use it in school.

WHEREAS, due to COVID, this has now changed and the district's medical director can authorize the use of an alcohol-based hand sanitizer in school even without a note from the student's doctor.

NOW, THEREFORE, IT IS

RESOLVED; that the Board of Education agrees to authorize the use of an alcohol-based hand sanitizer in school upon the approval of the district's medical director without a note from the student's doctor.
