NOTE: While the methods and procedures of The Gildersleeve SAT Course have been successful in assisting numerous students in the college admissions testing process, the effectiveness of the course is substantially dependent upon the effort, time commitment, academic potential, and personality that the student applies to the service, as well as on the testing conditions at the time and place of test administration. It is impossible, therefore, to predict the level of success any individual student may experience with the standardized tests. We reserve the right to add or cancel a class time, change an individual class time, or use qualified substitutes if necessary. We will give you as much notice as possible in the unlikely event that a class will be rescheduled.
