Our Working Questions

- What do we want for our students?
- How can we best achieve it?
- How will we know we have been successful?
- What will we do if we are not successful?

2022 - 2023 Carry-Forward Budget

2022 – 2023 Carry Forward Budget:	\$61,363,360
2021 – 2022 Adopted Budget:	<u>\$59,127,425</u>
	\$ 2,235,935 (3.78%)

The budget-to-budget calculation reflects what it will cost to maintain our present programs and services in the coming year. Items which may impact the budget-to-budget calculation include contractual costs, salaries, benefits, BOCES expenditures, utilities, and fuel costs.

Property Tax Levy Limit

- A few things to remember...
 - Though referred to as a “2% tax cap” it does not restrict any proposed tax levy increase to 2%
 - The “tax levy limit” is the highest allowable tax levy a school district can propose as part of its annual budget requiring approval by a simple majority of voters.
 - The law does not cap property taxes at 2%. The law applies to the tax levy, not to tax rates or individual tax bills.
 - Schools do have an option to exceed their “tax levy limits” with at least 60% voter approval.

Property Tax Levy Limit Continued

- And a couple more...
 - Certain exemptions 'don't count' against the cap. These include voter-approved local capital expenditures, increases in state mandated employer contributions to employee pensions, and some court orders or judgments.
 - Each school will determine its "tax levy limit" using an eight step formula. The formula adjusts a district's tax levy to reflect growth in the local tax base (if any) and the rate of inflation or 2% (whichever is lower)

The District's Property Tax Levy Limit 2022 - 2023

- The District's calculated maximum allowable tax levy limit for 2022 - 2023 is 1.27%. This means:
 - The allowable levy increase over the 2021 - 2022 budget is \$393,021.
 - The first draft budget increase of 3.78% reflects a shortfall of \$1,086, 000...the amount we would need to reduce the carry-forward budget by to reach the allowable tax levy limit.

Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

A PICTURE IS WORTH A THOUSAND WORDS

A complex idea can be conveyed with just a single still image, namely making it possible to absorb large amounts of data quickly.

A person with short brown hair, seen from the back, is looking at a wall covered in various design-related items. The wall is a collage of papers, photos, and sketches. Some papers show wireframes, others show photos of people or objects, and some have handwritten notes. The person is wearing a grey and black striped sweater. The overall scene suggests a creative workspace or a mood board for a design project.
