Request to Establish a Student Club

Name of Organization Lego Club

Faculty Advisor Akra Scott

Purpose/Objective: Describe why this club is being formed.

Students are interested in Legos and building. Legos are a favorite "free-time" activity in the classroom, but students do not get a chance to play together often.

Benefit: Describe how the students/district will benefit from this club.

Legos are a great engineering tool for students to work out STEM concepts. This is also a great community builder because students can share and cooperate with each other while playing.

Leadership: Describe how this club will be organized, how it will be managed and whether the officers will be elected or appointed.

There will be no student elected or appointed positions. If there are many students, we may break up into teams or small groups.

Each week there will be a challenge → something students need to solve. They do not have to, but -
