Re: SAWCP reimbursement

The Workers Compensation Trust compensates a district whose treasurer serves as the treasurer for the trust as well. This person is typically appointed at the Workers Compensation Trust re-organizational meeting.

Sheri Tyrell was appointed to this position effective February 1, 2023, as she took over the duties from the Schalmont Treasurer who resigned from these additional duties. The District has received a check in the amount of \$2,500 from the consortium as reimbursement for her assuming these duties from February 1 to June 30, 2023.

Attached is a resolution for board approval for the District to accept this check as reimbursement for the treasurer duties.

Please let me know if you have any questions.
