

SCOTIA – GLENVILLE CENTRAL SCHOOLS
Office of the Superintendent

DATE: September 1, 2023
TO: Scotia-Glenville Board of Education Members
FROM: Susan M. Swartz, Superintendent
RE: Board of Education Goals for 2023 – 2024 – **Final Draft**

The following represent the revised Board goals we discussed at our last meeting on August 11, 2023. It is my recommendation that you adopt them at the meeting on Monday evening.

Adoption of these goals does not mean that you will not work on anything else. It simply means that these are the three Board priorities set for this (2023 – 2024) school year.

- 1) The Board of Education Policy Committee, in conjunction with the superintendent, will complete the first critical review of all district policies and make recommendations for updates, insertions, and deletions. The Policy Committee will report on progress to date at the monthly business meeting.
- 2) Two members of the Board of Education will work with Principal Cosmer and the assistant principal, as well as Supervisor Koetzle, Mayor Bucciferro, Chief Janik, and Chief Harrington to support the Middle School efforts within the SCEP and WEB programs. Planned and implemented activities may include assemblies, whole school, or grade level events. If feasible, these activities may be extended to elementary or high school students or serve as models for efforts at either grade levels (k-5 or 9-12).
- 3) Support the superintendent's efforts, in conjunction with Tangible Developments, to create a Community Council that meets quarterly and identifies questions / concerns / positives in the district from a stakeholder perspective. Information gathered will be utilized to communicate with the greater Scotia-Glenville community.
