NYS Wellness Policy Assessment Tool

This template provides information on wellness policy goals and practices within the LEA. Use this tool to track progress and gather ideas on ways to create a healthier school environment. A separate assessment should be completed for each school. The wellness policy and completed assessment must be made available to the public.

Yes	No	Standards for USDA Child Nutrition Programs and School Meals	
✓		The local wellness policy addresses nutrition standards for USDA reimbursable meals.	
V		The local wellness policy addresses access to the USDA School Breakfast Program.	
✓		Alternate school breakfast service models are available to increase participation such as "grab and go", breakfast served in the classroom, and breakfast after the bell.	
✓		Steps are taken to protect the privacy of students who qualify for free or reduced-priced meals.	
✓		Free drinking water is available during meals.	
✓		Annual training is provided for food and nutrition staff in accordance with USDA Professional Standards.	
✓		School nutrition staff meet hiring criteria incompliance with federal criteria.	
	✓	The local wellness policy addresses purchasing local foods when possible for the school meals program.	
		s the local wellness policy addresses school meals and nutrition standards:	
		ils – the district shall: h fruits, vegetables, salads, whole grains, and low fat items at least to the extent required by federal	
regulations.			
2. Encourage students to try new or unfamiliar items.3. Make efforts to ensure that families are aware of need-based programs for free or reduced price meals and			
encourage eligible families to apply even though this past year and upcoming year meals will be free to all students. 4. We will request that Chartwells serve produce and food from local farms and suppliers. 5. Make free drinking water available at locations where meals are served.			

Ĭc.

Yes	No	Nutrition Standards for Competitive and Other Foods and Beverages				
✓		The local school wellness policy addresses compliance with USDA nutrition standards (commonly referred to as Smart Snacks) for all food and beverages sold to students during the school day including: as a la carte offerings in vending machines as fundraisers				
✓		Nutrition standards are followed for food/beverages served at school parties, celebrations, events, etc. 1. Set guidelines for the frequency and content of classroom and school-wide celebrations where food and beverages are provided. 2. Promote the use of food and beverage items which meet the standards for competitive foods and beverages (, promote non-food activities, and discourage foods and beverages which do not meet those standards, at celebrations. 3. Model the healthy use of food as a natural part of celebrations.				

Notes and future goals on nutrition standards for competitive and other foods and beverages: Foods and beverages served outside the school meal programs will meet the USDA Smart Snacks in School nutrition standards, at a minimum.

Yes	No	Wellness Promotion and Marketing
✓		Marketing on the school campus during the school day is only allowable for those foods and beverages that meet Smart Snacks standards.
✓		Steps are taken to address strategies to support employee wellness.
✓		Fundraising is supportive of healthy eating by emphasizing the sale of healthy food items or of non-food items.
√		Healthy meal choices are offered and being promoted in the school meal programs.
	✓	Farm to School activities take place at the school such as having a school garden, taste-testing local products, and educating students in the classroom and on field trips about local agriculture.
Othe	r ways	s wellness is promoted at the school:
Scho	ols wit	is considering the establishment of school gardens at a few Elementary h with the coordination of our Chartwells Food Service Director leading the Jse of the harvested items would then be incorporated into our menus.

Future wellness goals:

- 1.) District will continue encourage participation in school meal programs especially the breakfast in the classroom.
- 2.) School meal program menus are posted on the district website/individual school sites.
- 3.) Menus include nutrient content and ingredients.
- 4.) Participation in meal programs will be promoted to families.
- 5.) 100% of foods and beverages promoted to students meet the USDA's Smart Snacks in Schools standards.

H	Implementation, Evaluation, and Communication

The desig	nee respon	sible for the implementation	and compliance of the local	
wellness	policy is:			
Name/Tit	le: Margare	t Healy, Director of Health,	Jamian Rockhill, Physical Education	
The wellness policy is made available to the public by (describe): The District makes the Wellness Policy available on the District website.				
The implementation of policy goals are measured and communicated to the public at least once every three years (describe): At least once every three years, the District will evaluate compliance with the Wellness Policy, to include: the extent to which schools under the jurisdiction of the District are in compliance with the Wellness Policy.				
Yes No	The wells		<i>T</i>	
$ \mathbf{V} \square$	*	ess policy is reviewed at lea	•	
	Triennial assessment results are/will be made available to the public and will include: 1. The extent to which schools under the jurisdiction of the LEA are incompliance with the local school wellness policy; 2. The extent to which the LEA's local school wellness policy compares to model local school wellness policies; 3. A description of the progress made in attaining the goals of the local school wellness policy. A plan will be put together to update the local wellness policy based			
	on results	of the triennial assessment	ne local wellness policy based	

Indicate additional wellness practices and/or future goals and describe progress made in attaining the goals of the wellness policy:

- The District shall monitor and review the implementation and effectiveness of this policy by conducting:

 1. We will continue to review the Wellness Policy annually with any changes being recommended for adoption by the BOE.

 2. Periodic informal surveys of building principals, classroom staff, and school health personnel to assess the progress of wellness activities and their effects.

 3. Periodic checks of the nutritional content of food offered in the cafeterias for meals and a la carte items, and sales or consumption figures for such foods.

 4. Periodic checks of the nutritional content of food available in vending machines and all a la carte items.

 5. Periodic checks of the amount of time students spend in Physical Education classes, and the nature of those activities.

 6. Periodic checks of extracurricular activities of a physical nature, in the number of offerings and rates of participation by students.

 7. Periodic checks of student mastery of the nutrition education curriculum.

 8. Periodic completion of relevant portions of the CPC School Health Index.

- 8. Periodic completion of relevant portions of the CDC School Health Index.

- 9. Periodic surveys of student/parent opinions of cafeteria offerings and wellness efforts.

 10. Periodic review of professional staff development offered which focuses on student wellness.

 11. NYSSBA's Student Wellness Assessment Checklist (every three years) to review the effectiveness of this policy.
