Dear Susan,

I hope this message finds you well. As I prepare for my upcoming retirement on June 30th 2025, I wanted to take a moment to express my heartfelt gratitude for the 28 years I have spent working for the district. It has been a truly rewarding experience.

I appreciate the support I received regarding insurance options during this transition and have decided I would like to carry both my health and dental insurance into retirement. Thank you for your assistance throughout my career and especially as I navigate this new chapter.

Thank you,

Pam DiPietro
