

Reimagining Our Schools

October 8, 2025

Purpose:

The ***Reimagining Our Schools Committee*** will serve as a vehicle for determining the future use of the district's elementary schools.

Key Considerations in the Process

(NY Educ L § 402-A)

During its work, the ***Reimagining Our Schools Committee*** and Work Groups must remember the following:

- NYS Education Law and Commissioner's Regulations
- Transparent and inclusive process for participants and the larger community
- Equity and access for all students
- Student outcomes
- Personnel and collective bargaining contractual obligations
- Long-term district sustainability and fiscal forecast
- **Work Groups make recommendations to the Board of Education, through the superintendent. The Board of Education makes decisions.**

Goals for 10/08

We have two goals for this evening:

- 1) Reimagining Our Schools committee meets and reviews housekeeping items.
- 2) Work Groups meet individually to get started with their tasks.

Expectations:

The following are expectations for work groups:

- 1) Each group determines how often and how they would like to meet. Once a decision has been made, please convey that information in an email to the reimagining@sgcsd.net
- 2) Work groups must have an agenda and minutes for each meeting held. These will be published on the Reimagining Our Schools page on the district website. **Agendas and minutes will be kept on the shared Google forms provided to each group.**
- 3) Please list meeting attendees in your minutes or have a separate sign-in.
