IN PREPARING THE COURSE SELECTION SHEET, PLEASE REMEMBER:

1. **Enroll** in at least 6 credits including physical education at all times. (Board of Education policy).
2. **Obtain** advice from parents, classroom teachers, and school counselors concerning course selections. Before selecting courses, give careful thought to goals, interests and aptitudes. Take the most challenging courses possible.
3. **Check** graduation requirements. School counselors are available to help you understand the requirements and will double check these forms.
 - These courses are your first choice requests. Should a scheduling conflict arise, a school counselor will contact you for adjustments.
 - Course drops after the school year begins are made only if it can be determined that a student is inappropriately placed according to ability. Permission to change courses must be given by the department head, the teacher, the school counselor, the parent and the principal.
4. **Look** over the Program Planning Guide online so that you are familiar with the graduation requirements, sequence requirements and course descriptions. The Program Planning Guide is a PDF file and can be found via the school district website on the high school counseling office page at:

https://www.scotiaglenvilleschools.org/wp-content/uploads/2026/01/2026-27_PPGuide

- Any necessary changes after the school year begins will be addressed on an individual basis after the ninth week and before the 20th week of the course.
