Re: Community Use of School Facilities

Annually the policy governing use of school facilities is reviewed and the associated fee schedule is revised, if necessary, to reflect current district costs to provide services to community groups. This year we will continue to adjust fees to align with the actual cost of custodial, audio-visual technician, and student workers, all other fees will remain the same. Please share with the board prior to the meeting so that any questions may be asked ahead of time to allow for complete and thorough answers.

Attached are the revised fee schedules and regulations governing use of facilities. The recommended changes are noted below. The changes are related to salary increases for 2026-27. There are no changes being made to the rental fees. You will also find an explanation on the staffing fees. Board policy describing the classifications is also attached.
